

Helping to Get Your
Company Back to Work

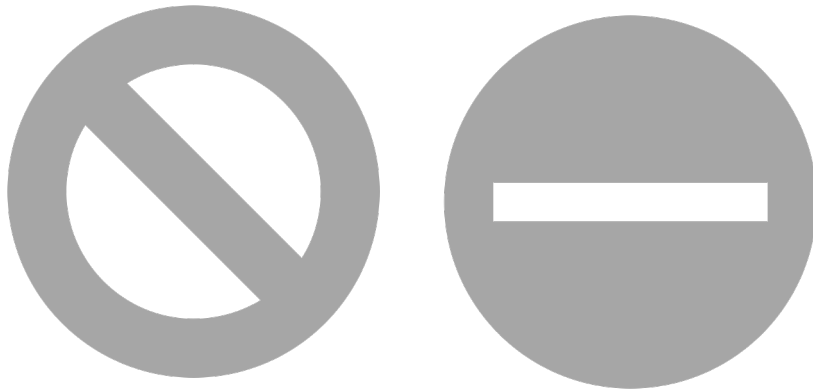

WytCote
WELLNESSTM

A WYTCOTE ENTERPRISE

Wytcote provides a comprehensive **solution** for you to **screen individuals** prior to entering the workplace, **sanitize** incoming staff and equipment, and promote confidence while **reducing** the risk of litigation.

Have **Control** of Your Workspace

- ✓ A single-entry point for employees and visitors.
- ✓ Quick and simple screening.
- ✓ Daily testing if required.
- ✓ Wrist bands for “safe” identification.
- ✓ Secure data storage of medical information.

Private screenings are required to comply with HIPPA laws.

Protect Your Business

When you use our **kiosks** to record health information of your staff and visitors, you can be assured that your companies health data is protected by military-grade data encryption that **EXCEEDS** HIPAA compliancy.

We can provide convenient disinfection stations throughout your location.
